Methods: The data presented in this fact sheet were collected as part of the California Healthy Kids Survey in the 2013-2015, 2015-2017 and 2017-2019 academic years at middle and high schools throughout California. The data were collected using a paper and pencil survey, or online survey, administered by school sites and reported to and compiled by WestEd. The data were analyzed running Chi-Square tests using SPSS statistical software. All differences reported here are statistically significant.

Acknowledgements: The California Healthy Kids Survey was developed by WestEd under contract to the California Department of Education. This fact sheet was procured and prepared by John Elfers, PhD from Sofia University and Katherine Soule, PhD from University of California, Cooperative Extension (UCCE). These data were acquired through funds provided by the UCCE. This project is a partnership among the following agencies: The GALA Pride and Diversity Center, The Central Coast Coalition for Inclusive Schools, and Tranz Central Coast.
